

Balam Tejesh

Dear Hiring Manager,

I am pleased to present my portfolio, which showcases my extensive experience and skills in full-stack web development and data science. My notable **projects** include a **BigMart Predictive Analytics model** using XGBoost, which optimizes inventory and staffing through advanced sales forecasting, and a comprehensive **MERN stack e-commerce website** featuring a responsive design, an intuitive admin panel, and user-friendly features such as a wishlist, shopping cart, and review system. Additionally, I developed a Java-based **Bank Management System** using Java Swing and JDBC with MySQL, demonstrating my ability to build robust, secure financial systems.

These projects reflect my technical proficiency in **HTML, CSS, JavaScript, ReactJS, NodeJS, SQL, Python, and Java**. My competitive programming achievements, including a **global rank of 73 on CodeChef** and multiple **5-star** ratings on HackerRank, highlight my problem-solving abilities and dedication to continuous improvement. I am excited about the opportunity to contribute my skills and expertise to your esteemed organization and am confident that my innovative approach and strong technical foundation will be valuable assets. I look forward to discussing how my background and portfolio align with your needs. Please feel free to contact me at **8919372914** or **tejeshbalam2005@gmail.com**.

Sincerely,

Balam Tejesh
